SKILLS

Programming

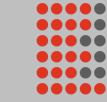

C Sharp SQL HTML/CSS ASP.NET MVC JavaScript

Operating Systems

MacOS Windows

Software & Tools

Visual Studio
MySQL Workbench
Microsoft SQL Server
GitHub
Git
Microsoft Office

ACHIEVEMENTS

Phi Theta Kappa, Honor Society

4.0 College GPA

S EXPERIENCE

Accounting System Console Application

C Sharp | .NET Core | SQL

Utilized object relational mapping to create an application in C Sharp that reads, creates, updates, and deletes (CRUD) data from SQL database. Application allows users to login, enter invoices, print checks (clear open invoices), review account balances, and check net income/loss.

See Project on GitHub

Half Marathon Text Adventure Game

C Sharp | .NET Core

Built a text game in C Sharp using class constructors, properties, and methods to run, organize, and track the user's progress and score. User is encouraged to complete the race by carefully choosing from multiple options that influences their outcome.

See Project on GitHub

Weather Console Application

C Sharp | .NET Core | JSON | API

Created a weather application in C Sharp using an API from Open Weather Map. Embedded imperial measurements in URL to retrieve data in Fahrenheit. Parsed with JSON. Application allows user to get weather based on city entered.

EDUCATION

₩ 2021

▼ TrueCoders

Software Engineering

Project-based training in programming languages and other technical skills, such as SQL, C Sharp, .NET Core, Java, Git, ASP.NET MVC, HTML, CSS, and JavaScript. These skills were developed by building multiple C Sharp and SQL projects in Visual Studio and Visual Studio Code. Projects were tracked in Git and GitHub for source control. Managed SQL databases using the CRUD operations in MySQL.

2015

♀ Tulsa Community College

Associates of Science, Accounting

Gained effective working knowledge of the various accounting principles and practices. Developed the skills necessary to communicate in a business environment, utilizing Generally Accepted Accounting Principles (GAAP), double entry accounting, accounts receivable, accounts payable, reconciling, budgeting, internal controls, cost accounting, income taxation, and compiling/analyzing reports.
